AUST R 288397

Gently cleanses
inflamed itchy skin,
unlike soap which
may irritate.

*Relieves inflamed
and itchy skin*

*pH 6 to maintain the
skin's natural protection*

Medicine Information

Active ingredient

Tar (pine tar) 1.6% w/w.

Uses

To help relieve itchy and inflamed skin conditions including dermatitis, inflamed scaly skin, jock itch, anal and genital itching and other minor skin irritations. Can be used in the shower, bath or hand basin. Soap alternative. Avoid using soap as soap may irritate tender, inflamed skin.

Warnings

For external use only. Avoid eyes. If lather enters eyes, flush with water. Keep out of reach of children.

Contains: Phenethyl alcohol 1.0 % w/w, methyl hydroxybenzoate 0.3% w/w, dichlorobenzyl alcohol 0.15% w/w as preservatives.

Directions for use

Apply to wet skin and gently smooth over affected area. Leave on 2-3 minutes. Rinse and pat skin dry.

Other information

Store below 30°C.
