II. THE UNDERSIGNED CERTIFIES THAT:

- The collagen fibre is derived from hides and skins only, and meets the requirements of Section XV, Chapters I and II of Annex III to Regulation (EC) No 853/2004;
- The collagen is pasteurized, hygienically packed and stored in accordance with EC- and national legislation;
- The products mentioned above are produced under regular supervision of the competent veterinary authorities;
- The product mentioned above is fit for human consumption in accordance with EC and national legislation;
- In the EU it is prohibited to feed animals destined for human consumption with feed containing raw materials produced using genetic engineering methods or other genetically modified sources which are not in accordance with Directive 2001/18/EC;
- The principles of Hazard Analysis and Critical Control Points (HACCP) are applied in all production stages for the product mentioned above, in accordance with EC and national legislation;
- The product mentioned above is derived from clinically healthy animals, which have undergone ante-mortem and post-mortem inspection and have been found to be clinically free from infectious and contagious diseases, including but not limited to CSF, ASF, FMD and SVD, at the time of slaughtering;
