Container Nos.					
<p>I hereby certify in respect to the above mentioned goods that:</p> <p>Australia has been free, for the past one year, from foot and mouth disease and classical swine fever; for the past two years from vesicular stomatitis, swine vesicular disease, rinderpest, contagious bovine pleuropneumonia, bovine brucellosis, Theileriosis (Theileria parva/T. annulata), Aujeszky's disease, virulent porcine enterovirus encephalomyelitis, maedi-visna, enzootic abortion of ewes, porcine reproductive and respiratory syndrome and porcine transmissible gastro-enteritis (TGE); for the last three years from peste des petits ruminants, lumpy skin disease, sheep pox and African swine fever; for the last four years from Rift Valley fever; and for the last five years from bovine spongiform encephalopathy and scrapie. Australia does not vaccinate against the above diseases nor bluetongue.</p> <p>The tallow used in the above mentioned goods was produced from animals which were slaughtered in a slaughterhouse approved by the government authority and which received government ante-mortem and post mortem inspection.</p> <p>The animals were either born in Australia, or have been raised in Australia for more than 3 months. Only clean, new bags, wrappers and packaging were used in the preparation of the consignment. The products were produced, processed and stored and transported in such a way as to prevent contamination with communicable disease pathogens. The tallow used in the above mentioned goods were produced under programs which minimise harmful residues and pathogenic microorganisms. They have not been treated with radiation or tenderisers, nor has any harmful ingredient been used in their preparation. They are suitable in every way for human consumption.</p>
