The uncompromised clarity of skin.
The ultimate in luxury.

A rich whitening lotion that softens skin and exfoliates as it suppresses melanin formation and reduces visible spots, freckles and dullness. Ensures a smooth, evenly luminous complexion.

- Recommended for normal to dry skin.
- Specially developed with Shiseido-original Multi-Target Vitamin C and Spot Deacti-Complex, extraordinary agents that suppress melanin formation.*
- Formulated with Asian plant extracts to improve moisture balance and smooth skin.
- DERMATOLOGIST-TESTED (Formulated to minimize the risk of allergy.)
