Simponi® 100 mg/1 mL
Solution for injection in pre-filled syringe

Golimumab

One 1 ml pre-filled syringe contains 100 mg golimumab

Keep out of the sight and reach of children
The needle cover contains dry natural rubber (a derivative of latex). Allow the pre-filled syringe to sit at room temperature outside the box for 30 minutes before use. Read the insert for further information.
Store in a refrigerator (2 °C - 8 °C). Do not freeze
Keep the pre-filled syringe in the outer carton in order to protect from light

Prescription only
