Note 1: The data was based on preliminary statistics of seized narcotic amount, may be slightly change after the verdict.

Note 2: Percentages are calculated by dividing the sum of the units for each substance by total sum for all substances.

Note 3: In order to have the same statistical method with other countries, the calculation of drug weight has been changed to net weight of current appraisal since January 2006.Among them, the weights of non-synthesized drugs such as opium, schedule I drug opium poppy, cocaine and cannabis, schedule II drugs, are counted by net weight.

Note 4: According to the Statute for Narcotics Hazard Control, Nimetazepam was rescheduled from the schedule IV drug to schedule III in August 8, 2006.

Note 5: According to the Statute for Narcotics Hazard Control, Tramadol was rescheduled from the schedule III drug to schedule IV in May 11, 2006.
