

## **Regulations on Labeling for Prepackaged Reduced Sodium Salt Products on the Market**

1. The regulations are prescribed in accordance with Subparagraph 10 of Paragraph 1 of Article 22 of the Act Governing Food Safety and Sanitation.
2. Scope of application: Prepackaged food grade salt products that contain less than 65% of sodium chloride on the market.
3. The labeling required the following matters:
  - (1) Prepackaged food grade salt products that have less than 65% of sodium chloride shall be named as “potassium salt” or “reduced sodium salt”.
  - (2) The information shall be labeled on the prepackaged reduced sodium salt products: “Sodium-reduced” and the potassium content, and shall conspicuously labeled the warning statement in Chinese: “Nephropathy patient shall consult your physician or dietitian before use this product.”.
  - (3) The font of the warning shall not be less than four (4) millimeter ~~in~~ length and width and its color shall be clearly distinguishable from ~~the~~ background color of the product packaging.
