To the best of my knowledge and belief, I am satisfied that:

the product was manufactured in premises approved and registered by the Department of Agriculture, Food and the Marine of Ireland in accordance with National and European Community Regulations governing the manufacture and placing on the market of milk and milk products, and which are subjected to regular audits or inspections

the description of the product is true and correct

the product can be freely sold for human consumption in the Republic of Ireland and the European Union

the milk/milk based product has undergone a recognised pasteurisation process with the aim of avoiding public health hazards arising from pathogenic organisms associated with milk

the product at the time of shipment, contains no harmful level of contaminants and is fit for human consumption
