The conditions, as stated below, apply to the goods described herein at the time of export from New Zealand.

I certify that the products:

- a. were processed in an establishment approved by the competent authority of New Zealand and operating in accordance with New Zealand law;
- b. were processed in accordance with New Zealand regulatory requirements for items intended for human consumption;
- c. have undergone a heat treatment process sufficient to destroy pathogenic organisms;
- d. were transported, handled and stored in compliance with New Zealand requirements;
- e. were derived from animals that showed no evidence of epidemic, infectious, parasitic, or zoonotic diseases listed by the WOAHP that are relevant in the trade of these products.
- f. no case of lumpy skin disease has been reported at least 90 days before the day of the milk being exported.
- g. no case of peste des petits ruminants has been reported at least 21 days before the day of the milk being exported.
- h. were partly derived from animal material of New Zealand origin and partly derived from animal material imported into New Zealand from [   COUNTRY OF ORIGIN   ] and further processed in approved establishments.
- i. were fully derived from animal material imported into New Zealand from [   COUNTRY OF ORIGIN   ] and further processed in approved establishments.
- j. were derived from animals of New Zealand origin.
- k. The animal product(s) herein described, complies/y with the relevant New Zealand standards and requirements that have been recognised as equivalent to the European Union standards and requirements as prescribed by the European Union-New Zealand Agreement on sanitary measures (Decision 97/132/EC).
