Biery Cheese Co. is voluntarily recalling specialty Longhorn Colby cheese due to potential contamination of *Listeria monocytogenes*. *Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term systems such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

On 02-15-17 the firm was notified by Deutsch Kase Haus, LLC of Middlebury, IN that they supplied Biery Cheese with various type cheeses that may be contaminated with *Listeria monocytogenes*. No illnesses have been reported to date.
