Risk

Products may contain small pieces of hard plastic which could represent a safety risk.

Our advice to customers

If you have bought any of the above products do not eat them. Instead, return them to the store from where they were bought for a full refund.

Action taken by the company

Douglas Willis Ltd is recalling the above products. Point of sale notices will be displayed in all retail stores which are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the product.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
