Announcement

[View Product Photos](#)

March 23, 2017 - Pro Sports Club of Bellevue, WA is recalling 36,957 Yogurt Peanut Crunch bars because it may be contaminated with Escherichia coli O157:H7 bacteria (E. Coli O157:H7). E. coli O157:H7 causes a diarrheal illness often with bloody stools. Although most healthy adults can recover completely within a week, some people can develop a form of kidney failure called Hemolytic Uremic Syndrome (HUS). HUS is most likely to occur in young children and the elderly. The condition can lead to serious kidney damage and even death.

The Yogurt Peanut Crunch Bar was sold directly to clients at the PRO Sports facilities in Washington (Bellevue, Redmond and Seattle cities) between August 8, 2016 and March 10, 2017. Product was also sold to internet customers through www.2020lifestyles.com (<http://www.2020lifestyles.com>).

This recalled Yogurt Peanut Crunch Bars has a brand name 20/20 Life Styles, lot code B.B. 22JUL17 (means best by July 22, 2017), net weight 2 oz., UPC Code 78571 00052.

No illnesses related to the consumption of the Yogurt Peanut Crunch Bars have been reported to date.

The recall was initiated after our manufacturer notified us that the ingredient used in the Yogurt Peanut Crunch Bars was recalled by supplier Soy Nut Butter Company of Glenview, Illinois because it was found to contain E. Coli O157:H7.

This recall is being made with the knowledge of the U.S. Food and Drug Administration.

Consumers who have purchased Yogurt Peanut Crunch Bars are urged not to consume and to return any remaining product to the place of purchase for a full refund.

Consumers with questions may contact the company at 1-425-895-6533 Monday through Friday, 9AM-5PM PST
