## Recall details

Ottawa, May 10, 2017 - The food recall warning issued on May 9, 2017 has been updated to include additional product information. This additional information was identified during the Canadian Food Inspection Agency's (CFIA) food safety investigation.

Industry is recalling certain ground meat products from the marketplace due to possible *E. (Escherichia) coli* O157:H7 contamination. Consumers should not consume the recalled products described below.

The following products were sold from specific locations in Ontario. Consumers who are unsure if

they have purchased affected products should check with their retailer.

# What you should do

If you think you became sick from consuming a recalled product, call your doctor.

Check to see if you have recalled products in your home. Recalled products should be thrown out or returned to the store where they were purchased.

Food contaminated with *E. (Escherichia) coli* O157:H7 may not look or smell spoiled but can still make you sick. Symptoms can include nausea, vomiting, mild to severe abdominal cramps and watery to bloody diarrhea. In severe cases of illness, some people may have seizures or strokes, need blood transfusions and kidney dialysis or live with permanent kidney damage. In severe cases of illness, people may die.

## Background

This recall was triggered by a recall of fresh veal by Newmarket Meat Packers Limited. The CFIA (Canadian Food Inspection Agency) is conducting a food safety investigation, which may lead to the recall of other products. If other high-risk products are recalled, the CFIA (Canadian Food Inspection Agency) will notify the public through updated Food Recall Warnings.

The CFIA (Canadian Food Inspection Agency) is verifying that industry is removing recalled products from the marketplace.

## Illnesses

There have been no reported illnesses associated with the consumption of these products.
