Recall details

Ottawa, July 5, 2017 - Maurice St (Saint)-Laurent Limitée is recalling St (Saint) Laurent brand Butter from the marketplace due to possible *Listeria monocytogenes* contamination. Consumers should not consume the recalled product described below.

Recalled products

Brand Name	Common Name	Size	Code(s) on Product	UPC (Universal Product Code)
St (Saint) Laurent	Butter	454 g (gram)	156 074	0 62260 00454 9

What you should do

If you think you became sick from consuming a recalled product, call your doctor.

Check to see if you have recalled product in your home. Recalled product should be thrown out or returned to the store where it was purchased.

Food contaminated with *Listeria monocytogenes* may not look or smell spoiled but can still make you sick. Symptoms can include vomiting, nausea, persistent fever, muscle aches, severe headache and neck stiffness. Pregnant women, the elderly and people with weakened immune systems are particularly at risk. Although infected pregnant women may experience only mild, flu-like symptoms, the infection can lead to premature delivery, infection of the newborn or even stillbirth. In severe cases of illness, people may die.

Background

This recall was triggered by Canadian Food Inspection Agency (CFIA) test results. The CFIA (Canadian Food Inspection Agency) is conducting a food safety investigation, which may lead to the recall of other products. If other high-risk products are recalled, the CFIA (Canadian Food Inspection Agency) will notify the public through updated Food Recall Warnings.

The CFIA (Canadian Food Inspection Agency) is verifying that industry is removing recalled product from the marketplace.

Illnesses

There have been no reported illnesses associated with the consumption of this product.
