

Control Instructions for Edible Animal Fats from Australia

(A) When importing butter (tallow), please attach certificate number M426-08/10, “DECLARATION AND CERTIFICATE FOR SHIPMENTS OF TALLOW FOR FURTHER PROCESSING” issued by the Australian Department of Agriculture (specimen certificates are as the attached).

(B) When importing other edible animal fats (except for butter), please attach sanitary certificates which specify “fit for human consumption” or “fit for human consumption or food processing if further processed to refined” issued by authorities of the exporting country.

(C) The CCC code list of the above edible animal fats is as the attached.
